Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner informed Mr. Noll that the after-final amendment would be entered. As support for the amendment can be found in the overall disclosure of pages 8-10, the new limitations are not considered new matter. However, the examiner also said that the series of amendments recently entered resulted in many 112, 2nd issues. As it is her opinion that the issues are too extensive to be addressed in an examiner's amendment, prosecution will be reopened. The examiner stated that a nonfinal office action would be mailed.
